Study Abroad, CIEE Sydney & Madrid (Spring 2026)

TECHNICAL SKILLS

Python, SQL, Java, C++, Snowflake, Excel, Google Workspace, Data Analysis, AI Workflow Tools, Product Analytics

EXPERIENCE

Digital Analytics Intern - URBN (Urban Outfitters)

Philadelphia, PA

Jun 2026 - Aug 2026

- Analyzed e-commerce performance across Urban Outfitters' Men's business, using product and customer KPIs to identify trends, performance gaps, and growth opportunities.
- Used SQL, Snowflake, and Excel to analyze digital commerce data and translate findings into actionable business insights.
- Evaluated product segments using conversion, average order value, items per order, and YoY performance, identifying customer trends and recommending A/B tests and e-commerce experience enhancements to capitalize on growth opportunities.

IT Intern - Blackmore Partners

Remote

Jun 2025 - Aug 2025

- Segmented 1,000+ client records in Keap/Infusionsoft to improve targeting accuracy and support automated campaigns.
- Monitored 100+ daily IP-based login events and assisted in reviewing anomalous access activity to support cybersecurity controls.
- Collaborated with senior professionals using SignalMate, an AI-assisted workflow tool, to analyze meeting transcripts and generate verified summaries and insights for internal teams.

Product Evaluator - Phia

Remote

Sep 2024 - Feb 2025

- Tested beta versions of an AI-powered consumer product, evaluating recommendation accuracy, usability, and overall user experience.
- Delivered structured feedback to product and marketing teams based on real-world testing, identifying opportunities to improve product functionality and customer experience.

Instructor - Coding with Kids

Seattle, WA

Jan 2024 - Aug 2024

- Taught Scratch, Python, and Java fundamentals to K-8 students, translating technical concepts into clear, approachable explanations while independently managing classrooms of up to 18 students.

Executive Assistant - Evergreen Association Management

Seattle, WA

Sep 2022 - Jun 2023

- Supported website management and member communications for four professional associations with over 1,000 members.
- Assisted in organizing a professional conference for 800+ attendees and 25 vendors.
